

TOWN OF LYONS

2016 RIVER ACCESS MAP

ALL RIVER ACCESS AND RECREATION IS AT USERS OWN RISK

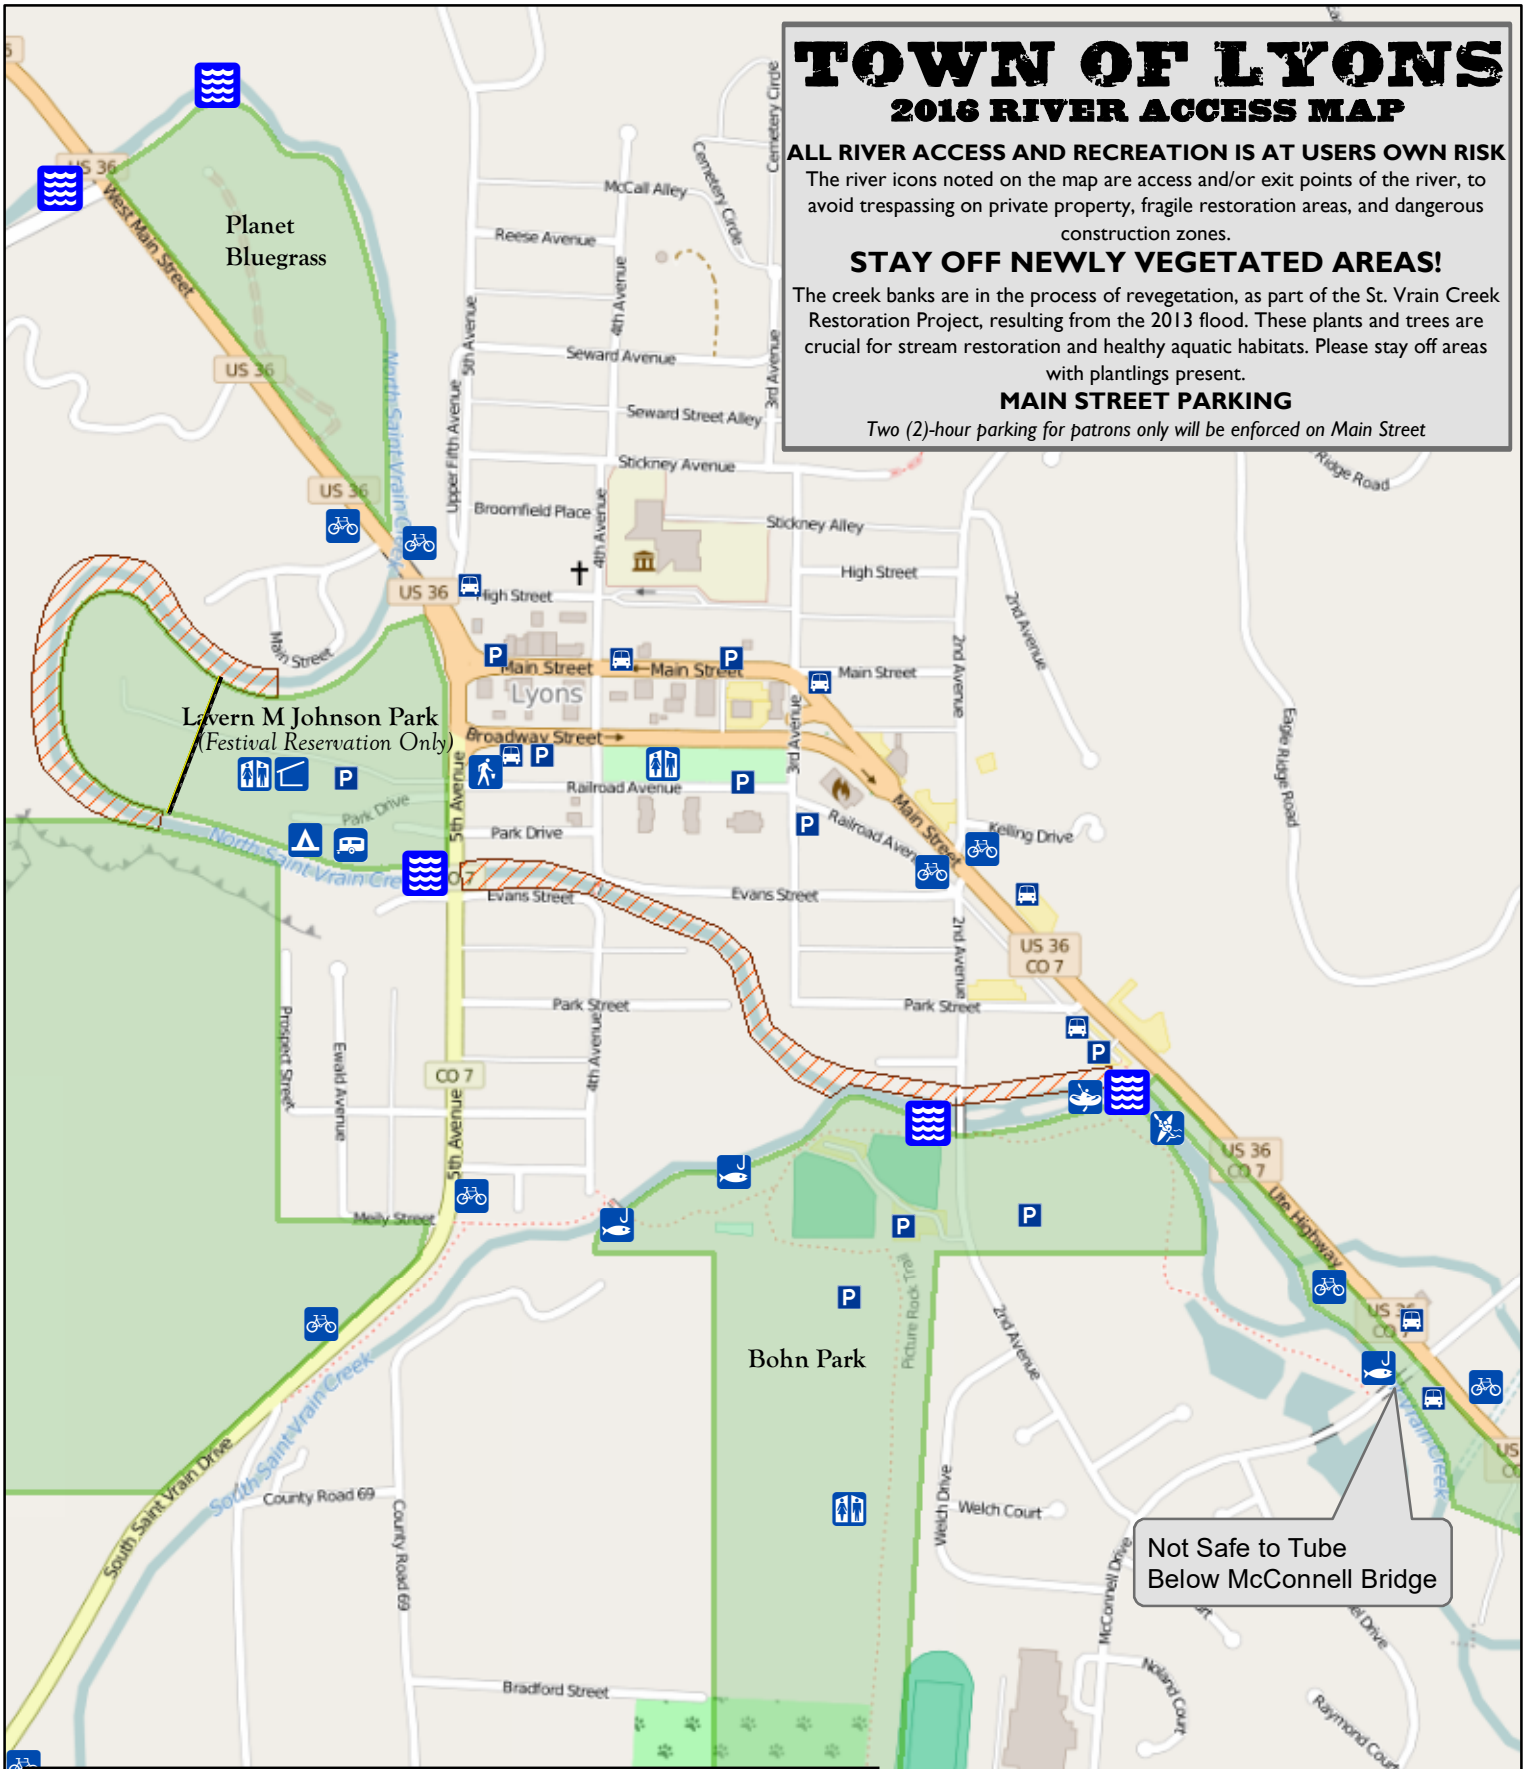

The river icons noted on the map are access and/or exit points of the river, to avoid trespassing on private property, fragile restoration areas, and dangerous construction zones.

STAY OFF NEWLY VEGETATED AREAS!

The creek banks are in the process of revegetation, as part of the St. Vrain Creek Restoration Project, resulting from the 2013 flood. These plants and trees are crucial for stream restoration and healthy aquatic habitats. Please stay off areas with plantings present.

MAIN STREET PARKING

Two (2)-hour parking for patrons only will be enforced on Main Street

Not Safe to Tube Below McConnell Bridge
